as a permanent basis of wage adjustment; although it is recognized that if the efforts of the government to bring down the cost of living should fail, railford was should be readjusted in the board of the United States Steel Corporation had refused to see them yesterday, representatives of the American States and the residual of the Corporation had refused to see them yesterday, representatives of the American States and the realization is not precluded from the control of the Control of the Corporation in the days presented in the position of the United States and the position in the days presented in the position of the two story plant is the position in the days presented in the position of the two story plant is the position of the two story plant in the days presented in the position of the two story plant is the position of the two story plant in the days presented in the position of the two story plant is the position of the two story plant in the days presented in the position of the two story plant in the days presented in the position of the two story plant in the days presented in the position of the two story plant in the days presented in the position of the two story plant in the days presented in the position of the two story plant in the days presented in the position of the two story plant in the days presented in the position of the two story plant Corporation had refused to see them yesterday, representatives of the American Federation of Labor, who are organizing the workers in the steel and iron industry, sent him a written request asking for a personal interview, it was announced today by William Z. Foster, of Pittsburgh, secretary of the

a personal interview. Referring to the tablished problems the committee wishes to discuss, Mr. Foster said :

handled in mail order style."

# Union Leaders

the Brotherhood of Railway and Steamship Employes, Expressmen and Station Employes, an organization of 45,000 non, went to the railroad administration yesterday afternoon to learn officially that the President's decision on the Start Treaty Tol. hopmen's demands meant also that the

wage increases sought by other classes of workers would not be granted.

A conference of heads of this brother-tee has the country with it in its desire bood was called by him to consider a to defeat the treaty.

The weakness of those who would statement to be presented to the mem-bership.

Asked if a strike vote had been sub-

that it would require four days for the notices to reach some of the 5000 locals, especially those on the Pacific coast, and that at least five days would have to clause before the first of the yotes could be received in Washington. Two-thirds Needed for Strike

Secretary Scott declared that there were slightly more than 500,000 orstrike was required before one could the stump by members of the bitter

explained the bylaws of the oras had been understood, but simply that the shopmen had entered into an agreement with the United States railroad administration to give thirty described. administration to give thirty days' notice of abrogation of its working arhad been given in anticipation of a possible strike on September 2.

Gompers's Course Unknown

Mr. Morrison would venture no pre-jetion as to the probable course of Mr.

Walker D. Hines, director general of Walker D. Hines, director general of railroads, in making clear the President's position respecting all wage increases, sent the following letter to A. O. Wharton, chairman of the board of railroad wages and working conditions of the railroad administration:
"Dear Mr. Wharton:

"Dear Mr. Wharton:
"It is desirable respecting the claims pow pending or to be filed before your board, to define the functions which it is appropriate for your board to perform, in view of the decision announced by the President with reference to the policy which the government must pursue in regard to railroad wages, as a part of the general camment must pursue in regard to random wages as a part of the general campaign which the government is waging to reduce the high cost of living in the interest of all wage-earners, as well "HAPPINESS A LA MODE"

No matter how cold the day, the NOVELTY Fresh Air Heater fills every room with a constant gentle stream of balmy warm moist air instead of the usual uneven small amount of drafty, dry, overheated air. The NOVELTY takes large quantities of pure outdoor air and adds just the right amount of moisture for health and comfort. Then the air is warmed so gradually that it retains its invigorating outdoor freshness. The NOVELTY is so tightly constructed that dust, gas and smoke are entirely eliminated. Uses much less coal and is twice as powerful as the ordinary furnace. Made of our strong and durable FLEX-O-TUF iron, lasts a life-time. We make all types of Heating and Cooking apparatus. so can give you unprejudiced advice as to which method is best for your particular home or building.
